Q2

The Governor's Responsible Restart Ohio plan states that office environments can "open" on Monday May 4th. Based on this guidance, what changes, (if any) is your community making to your COVID-19 related internal or personnel policies? (We understand that this situation is dynamic and the answer may change over time).

Our only potential changes is to provide a "sneeze guard" in the area of our administrative offices.

Q3

Is your community planning to reopen buildings to the public on/soon after May 1st? If so, what guidelines are you putting in place for staff and guests (PPE, social distancing, building capacity, etc)?

We have very few visitors to our building at any one time. We will still insist on social distancing and may require masks for visitors to protect employees.

Q4

Are you re-opening facility rentals at any of your spaces (e.g. community rooms in your city building)? If so, when are you reopening and what guidelines are you requiring guests to follow?

No

Q5

How is your community planning to handle outdoor community events in the coming weeks and months?

We have cancelled our Memorial Day event. We are still open to holding an Independence Day event but that decision will not be made until the end of May.

Based on this guidance, what changes, (if any) is your community making to your COVID-19 related internal or personnel policies? (We understand that this situation is dynamic and the answer may change over time).

For the near future, our plans remain unchanged. The office is closed to the public. In person requests to enter the building are for the most part denied. However, staff will continue to meet resident's visitors outside the building. If a visitor is required to enter the building, they are required to have their temperature taken and wear masks. Inside the building, each department is separated from each other. Each employee is required to take their temperature at the start of each day. Each employee is also asked to sanitize themselves and their work spaces and maintain social distancing. The Village has provided masks to each employee. Employees are free to use them at their discretion.

Q3

Is your community planning to reopen buildings to the public on/soon after May 1st? If so, what guidelines are you putting in place for staff and guests (PPE, social distancing, building capacity, etc)?

Not at this time. Mayor's Court has been postponed until June. The Village is currently reviewing procedures of how to limit general building access during Mayor's Court events.

Q4

Are you re-opening facility rentals at any of your spaces (e.g. community rooms in your city building)? If so, when are you reopening and what guidelines are you requiring guests to follow?

Not at this time. In addition our main park remains closed to the public.

Q5

How is your community planning to handle outdoor community events in the coming weeks and months?

Outdoor events are under review. As of now, Village sponsored events have been canceled or rescheduled to later in the year.

Jesse Lightle, Washington Township

Q2

The Governor's Responsible Restart Ohio plan states that office environments can "open" on Monday May 4th. Based on this guidance, what changes, (if any) is your community making to your COVID-19 related internal or personnel policies? (We understand that this situation is dynamic and the answer may change over time).

Most employees are working at the office. There are some exceptions based on position.

Q3

Is your community planning to reopen buildings to the public on/soon after May 1st? If so, what guidelines are you putting in place for staff and guests (PPE, social distancing, building capacity, etc)?

We opened to the public on 5/12 in line with retail. No visitors past the lobby. Job applicants we have allowed in for interviews. Staff wears masks in common areas, not private offices.

Q4

Are you re-opening facility rentals at any of your spaces (e.g. community rooms in your city building)? If so, when are you reopening and what guidelines are you requiring guests to follow?

No
