

Village of Lockland

The Village of Lockland is seeking candidates with a demonstrated commitment to public service for the position of **Class I Water Supply Operator**.

Salary: \$23.50 per hour-new hire, \$25.15 year 2, \$26.91 year 4, \$28.79 year 8

Hours: Full time

Summary: Responsible for monitoring the provision of potable drinking water in accordance with the Ohio EPA, USEPA, and other regulatory bodies through the operations and maintenance of Lockland's Class II water supply system by performing duties personally.

Essential Duties and Responsibilities: Perform chemical analyses, draw samples of water for testing; add chemicals. Prepares, signs, and submits reports to the OEPA concerning chemical and bacteriological analyses of water, and other topics as may be required by the OEPA or EPA. Operates filtering and chemical treatment, coagulation and settling basins, and other plant facilities. Determines action being taken in event of emergencies such as machine, equipment, or power failure. Recommends new equipment or modification of existing equipment to provide increased operation capacity or efficiency. Review and evaluate water reports, records, logs, and graphs to confirm adequacy of present and projected water needs. Other duties may be assigned.

Supervisory Responsibilities: Supervisor over Water Trainee (license pending).

Qualifications: To perform this job successfully, an individual must be able to perform essential duties and responsibilities and work well with others. The requirements listed below are representative of the knowledge, skill, and/or ability required. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Education, Skills, and Experience: Associate degree (A.A.) or equivalent from two-year College or technical school or two years related experience and/or training or equivalent combination of education and experience.

Ability to read and interpret documents such as safety rules, operating, maintenance instructions, and procedure manuals. Ability to write routine reports and correspondence. Ability to speak efficiently before groups of customers or employees of organization. Ability to use a computer. Ability to calculate figures and amounts such as proportions, percentages, area, circumference, and volume. Ability to apply concepts of basic algebra, geometry, and chemistry.

Certificates, Licenses and Registrations: Minimum of an Ohio Class I water supply license, must be able to pass a lab certification, and have a valid Ohio Driver's license.

Physical Demands: The physical demands described here are those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodation may be made to enable individuals with disabilities to perform essential functions. While performing the duties of this job, the employee is regularly required to stand, walk, sit, and use hands and fingers to feel reach with hands and arms, and talk or hear. The employee frequently is required to stand, walk, climb or balance; stoop, kneel, crouch, or crawl, and smell. The employee must occasionally lift and move up to 50 pounds. Specific vision abilities required by this job include close vision, distance vision, peripheral vision, depth perception, and ability to adjust focus.

Work Environment: While performing the duties of this job, the employee is regularly exposed to wet and/or humid conditions and moving mechanical parts. The employee is frequently exposed to high, precarious places and fumes or airborne particles. The employee is occasionally exposed to toxic or caustic chemicals, outside weather conditions, risk of electrical shock, and vibration. The noise level in the work environment is usually moderate.

Interested candidates shall send resume and application to Village Administrator Krista Blum at Kblum@locklandoh.org or 101 North Cooper Avenue, Lockland, Ohio 45215. Please visit our website at locklandoh.org to download the employment application. Resumes will be accepted until the position is filled.
