**LOCATION:** **City of West Carrollton Fire Station, 125 W Central Ave, West Carrollton, OH 45449**

**Problem Statement:** Confined Space Entry can be one of the most hazardous duties performed by workers. Those who do not understand the dangers can be the cause of serious injury or death to themselves and their co-workers.

**Seminar Description:** This course will provide a working knowledge of OSHA's Confined Space standard from 29 CFR 1910.146. The following topics will be discussed.

- Common hazards found in confined space work (From atmospheric, to engulfment, and radiant heat)
- Descriptions of the two types of confined spaces one may encounter and what to do about each.
- Confined space permitting (Creating the program and completing the permit)
- Employee duties, as attendant, entrant, entry supervisor or rescuer
- Means and methods of protection or abatement (Including ventilation and other common engineering or administrative controls)
- Proper use of personal protective equipment in confined space work
- Hot work and welding requirements while in a confined space
- Rescue rules, procedures and equipment.

**Presenter:** Mike Hayslip, Esq. PE, CSP. Mike is a frequent and highly rated presenter for MTA/MVRMA in the areas of health and safety training. He is president and owner of NESTI, a safety and health-training firm. Mike is an attorney and a professional engineer with more than 30 years of hands-on safety experience. Mike is a well-known public speaker and adjunct professor at the University of Cincinnati and Clark State University.

**Cost:** \$75 MVRMA/MVCC/CLG members \$100 for non-members  
(Includes materials, refreshments, and certificates of attendance-lunch not included)
